BRAND GUIDE · 2026-04

The rarest stones on Earth.

FINE CARIBBEAN JEWELRY · DOMINICAN REPUBLIC

01 Brand Story

WHO WE ARE

Ambar & Larimar Shop is the export storefront of the Ambar Mine Museum — a family of artisans, curators, and gem experts working from the Dominican Republic.

We craft fine jewelry around two stones the world cannot find anywhere else: Larimar, the Caribbean blue gem mined only in Barahona, and Dominican Amber — including the famously rare Blue Amber that fluoresces under sunlight.

Our identity is anchored in a sense of place: the Caribbean sun, the Atlantic blue, and the gold that frames every piece. Wherever the brand appears — a website, an Instagram post, a business card, a shipment label — it carries that origin.

PROMISE

Authentic Dominican stones. Crafted by hand. Direct from the source.

VOICE

Quiet luxury. Story-forward. Slow over loud.

02 Logo System

MARK · WORDMARK · USAGE

The seal is a Caribbean Sun — half amber sky of larimar sea, framed in gold, with the Dominican Republic at its heart. Use the seal anywhere. Use the horizontal lockup when there is room for the wordmark.

AMBAR & LARIMAR

DO

- Use the SVG file whenever the medium accepts vectors.
- Maintain at least one seal-radius of clear space around the mark.
- Use the seal alone for square or circular contexts (profile pics, app icons).
- Use the horizontal lockup for site headers and email signatures.

DON'T

- Recolor the gradients — they are tied to the brand stones.
- Stretch, skew, or rotate the seal.
- Add drop shadows or outer glows.
- Place the seal on a low-contrast photo without the gold ring intact.

Larimar is the Caribbean's hidden treasure — a soft, sky-blue stone found only along the south-western coast of the Dominican Republic, where it forms in volcanic veins close to the sea.
